

# Summer Quest 2025

COLOR OUR WORLD!

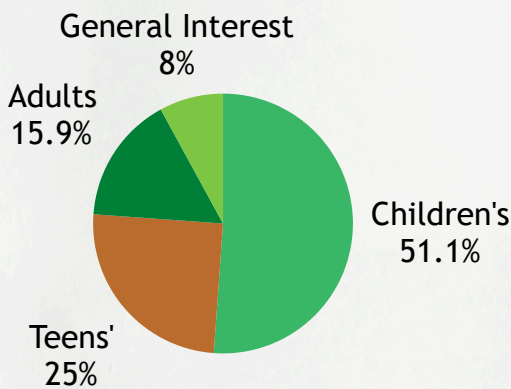

## 9 WEEKS

of summer learning and fun for all ages both in the library, at home, and in the local parks. That's over 2 months of learning!

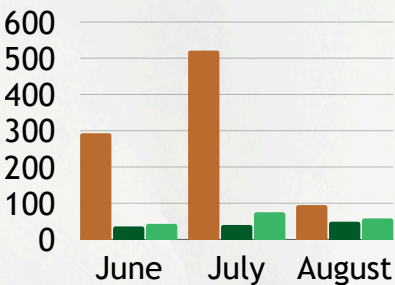

## 72,627 MINUTES

and 3,277 books were read by a total of 107 participants!

### We held a total of 88 activities and events!

While the majority of programs were for children, there was still plenty to do for teens, adults, & everyone.

### Attendance was awesome this summer!

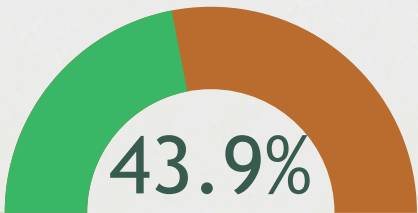

Over about 2 months, 1,210 people attended our programs. The children left the teens & adults in the dust!

We'd like to give a HUGE thank you to the **PPL Foundation** for funding our Summer program!

## PROGRAM COMPLETION

is shaping up! This year people pledged how many minutes they would read over the summer. **47 participants met their reading goals!**

## OUTREACH

The library did its best to bring the Summer Quest fun to you with drop-in outreach events at **Indian Trail Park** and **Jacksonville Park**!
