Game Night for Science

Thursday, April 16th - 2:00pm or 6:00pm

Stall Catchers is an online game used for Alzheimer's research.

Please bring your own laptop, tablet, or smartphone!

In Stall Catchers, you will "catch" stalls by looking at movies from the brain of mice and scoring blood vessels as "flowing" or "stalled". The game is easy to learn, and you'll be guided through a tutorial in the beginning! And even if you get a couple of questions wrong - don't worry. Each vessel will be seen by other citizen scientists, so we can figure out the right answers together.

Author Meet & Greet: M.L. Hutchinson

Monday, April 20th 6:00-7:00pm

Patron of the Month

Our Patron of the Month is picked to recognize outstanding patrons at NAPL. Samantha A. has been chosen for April as she and her children frequently visit NAPL! She participates in our hold system where she requests books from other libraries (she checks our books out too!).

Thank you Samantha for helping to keep libraries alive! We appreciate you!

Teen Resource Pantry

NAPL is collecting donations for our Teen Resource Pantry! This pantry will provide youth who are unhoused and/or have unmet needs access to free snacks, school supplies, and hygiene products. Individually wrapped & non-perishable snacks, and hygiene products are greatly needed. Donations can be dropped off any time the library is open.
